

LINNET

Continuous Filament - Bonded Nylon 6.6 Sewing Thread

Linnet is manufactured by Triveni Textiles from the highest quality pre-stabilised, continuous filament Nylon 6.6. Linnet is an excellent sewing thread for all types of natural leather and synthetic hides.

Linnet is treated with our own blend of sewing thread lubricant which imparts excellent control of friction during sewing, thus resulting in good loop formation, consistent stitch even on most difficult fabrics or leather.

Linnet is produced on the most modern machinery using standardised processes at all stages. Raw materials are selected carefully to ensure outstanding quality and guarantees consistent high standards in quality.

Linnet like all threads from Triveni Textiles is manufactured with an overriding ecological principal, meets all requirements of the Oeka Tex standards 100. Linnet is available in more than 240 colours and many more shades as per customer's requirement.

An ISO 9001 : 2008 Certified Company

Complete thread solution for centuries to come
